## ***They Wanted To Amputate!***

*The work that you do, I really appreciate. My sister-in-law got a MRSA infection on her wrist. Doctors solution was to amputate. She stayed with us for a couple weeks with a wrap on her wrist and our headphones running your PEMF System. We watched as over several days, the MRSA shrank and disappeared.*

About Dr. Rife and The Rife Machine

Dr. Royal Raymond Rife is referred to as **"The Man Who Cured Cancer"**. He found that certain frequencies destroyed cancer cells, viruses, parasites and bacteria. He did this with a frequency

generating device that became known as a **Rife Machine**. Dr. Rife cured over thirty, stage 4 cancer patients who were considered "beyond help" with his Rife Machine.

## How Does It Work?

You've probably heard about or seen a singer shattering a wine glass by singing a note. The note the singer sustains, is the "**resonant frequency**" of the wine glass. This sustained sound wave (note) causes the glass to shatter.

Scientists like Tesla and Dr. Rife, have proven that **everything that exists has a resonant frequency of its own**. For instance, the carcinoma cancer cell has a resonant frequency of 2128 Hz. When a cell is resonated at it's resonant frequency by **sound**, the cell is destroyed - just like the wine glass in the example above.

***It doesn't harm the good cells around the bad cells, because the good cells have a different resonant frequency.***

Cancer, parasites, viruses, bacteria and other organisms all have their own resonant frequencies. The frequencies that destroy these organisms are called Rife Frequencies. ***See the video below.***

### Frequencies Killing Paramecium

Older Rife Machines came with two hand-held metal cylinders that you held in each hand. Most cardiologists would advise against holding metal cylinders in each hand pumping out electricity. Although the method works, new technology has eliminated the use of such practices.

**With TeslasPEMF System, you'll use your computer speakers or headphones to transfer the Rife Frequencies to your body. Why?**

- Special sound waves and algorithms in TeslasPEMF System Frequencies make the frequencies more effective than any other methods.
- Sound is 5 X more efficient in water as it is in air - we are made up primarily of water.
- The body adjusts more readily to sound for frequency delivery.
- Sound is natural. It's SOUND that shatters a wine glass, not electricity!
- ***Heart Safe and Pet Safe!***

Sleep and help your body help itself naturally!

You can sequence up to 2,500 frequencies for health. This is a big time saver for you and no other Rife Machine can do this. It's as easy as selecting the health problem, setting the time and sleeping on the TeslasPEMF Mat for the body. There's no need to get up and put a new set of frequencies in, as with other systems. It's all automatic in the TeslasPEMF System.

You can choose from **2500+ Fast Presets**, to deal with almost any possible health problem.

## See The Fast Presets

It has a frequency display, so you can see the running preset frequencies and also displays the running frequencies in display boxes. The frequencies can be sent to TeslasPEMF Machine System section of the program, in case you want to modify them or use them to **make homeopathic remedies**.

TeslasPEMF Tech System has a built-in timer. Times are set with a simple mouse click.

Also :

- You can choose between Scalar, Sine or Harmonic waves, both used in Rife work (explained in documentation).
- You can turn on Modulation, a special algorithm that enhances the use of speakers and headphones for Rife Frequencies.
- You can also select **Scalar Waves**. This is something that has been impossible to do with Rife technology, until the TeslasPEMF advanced tech.
- You can save an unlimited number of your own presets, for quick recall at a later time.

**TeclasPEMF System lets you record your Rife sessions to audio files.**

Say you have a patient, relative or friend with a health. Simply record the Preset TeslasPEMF System frequencies on your included computer.

### About Manual Rife and Structuring

The Manual Rife / Structuring section of TeslasPEMF System, is where you can input any frequencies you like or **structure water and oils to make your own homeopathic remedies**.

Structuring is **really easy** to do. Simply click a button and run the frequencies on your included computer for 40 to 60 minutes and that's all there is to it. The special algorithms in the program do all of the work.

### Use Structuring For :

- Pain relief remedies
- Detox for chem-trails, heavy metals, liver or general detox
- Formulas for addiction
- Other things from the Frequency Presets or your own frequency sets

Structuring can last up to a year in a UV safe container using spring or pure mineral water and up to 15 months using base oils like Almond oil. If you plan on drinking water structured with the presets right away, it only takes two minutes! If you want the structuring to last up to a year, it only takes 10 to 20 minutes.

You can also import frequencies from your TeslasPEMF System, where you can modify them and save them as a User Preset.

With the TeslasPEMF System, you have a timer, a frequency display and selectable waveforms - including Modulation and Scalar Waves.

### In Manual Mode, you can enter up to 30 frequencies and run them in one of three modes.

1. **Single-timed** - Frequencies run one at a time at a time you set for each frequency.
2. **Multi-timed** - Frequencies will all run at the same time with a time you set.
3. **Multi-continuous** - Frequencies will all run at the same time until you want them to stop (no time limit)

You can save an unlimited number of your own presets and also record your sessions to OGG files (Audio Prescriptions™) for use on all smart phones and tablets.

### You can also record your frequencies to WAV audio files for use with your Mini Sleep Mat.

#### About Auto Rife

The TeslasPEMF System is a powerful Machine that's made for simplicity. It's great for beginners and advanced practitioners alike, and has all of the power of Tesla and Rife.

**The TeslasPEMF System** is the *easiest* Software and Machine to use - anywhere! We've taken 25 common problems and made it so all you have to do is click Start. We've set the levels and times. Anyone that can click in a selection box with a mouse and click Start can use the TeslasPEMF System.

The goal for making the TeslasPEMF System, was to make it **very easy for anyone** to start using the Tesla and Rife technology with no experience whatsoever.

***The TeslasPEMF System completely automates everything!***

Just to let you know, I've been involved using Rife equipment in research for many, many years. We've owned multiple kinds of equipment and also built our own over the last 30 years. But, I believe if Dr. Rife were here with us today he would be using all available technologies to accomplish his goals, including our TeslasPEMF System software.

We've found our software extremely easy to use and to obtain results equal to or better than equipment selling for thousands of dollars more. I use it almost daily in my practice.

I have presently used your software with over 800 individuals. All have positive results, some with unbelievable recoveries.

## Pain Relief and Theta Healing

TESLASPEMF stands for **Trilateral Balanced Sine Waves**. This new generation of healing, has become the powerful alternative to binaural beats.

Since it's release in 2008, the TESLASPEMF technology can now be found in doctor's offices and hospitals around the globe.

### **TESLASPEMF Basics :**

You've probably known or heard of someone having a car accident and not feeling a thing, even though they might have been pretty banged up. This is because the brain releases powerful pain-relieving endorphins into the body during a trauma.

TESLASPEMF waves allow you to safely control these endorphins to get rid of pain naturally, by using special frequencies and waveforms. All you need to do is run the frequencies through your TeslasPEMF Mat.

TESLASPEMF does a lot more than get rid of pain. It can be used for addictions, insomnia, stress relief, weight loss, theta healing and more. TESLASPEMF enhances Binaural Beats and adds new dimensions. It's easy to use and has all of the tools you need to take healing and recovery to new levels.

There are 21 pre-programmed TESLASPEMF Presets in TeslasPEMF. To run the presets, simply set the preset kind, background sound, time and click the Start button.

## Built-In TESLASPEMF Presets

**You can input any frequencies you like** in Manual Mode. You have immediate access to hundreds of brainwave frequencies that you can use for your own experiments.

Pain relief using TESLASPEMF is incredible! Many practitioners have thrown away their Tens Units, because TESLASPEMF is a modern solution and has a lot more versatility.

For doctors, chiropractors, dentists and physical therapists, you can run one of the pain presets during or at the end of your session. TESLASPEMF has made Tens Units fairly obsolete. It will leave you with very happy patients.

***Don't get left behind on this powerful technology!***
